# 2019 Market Facilitation Program Workshops

October 7 | October 11 | October 15 | October 16

USDA's Market Facilitation Program (MFP) is continuing for the second year, providing almond growers with an opportunity to apply for direct payments to help alleviate the damage resulting from the global trade situation. Unlike the 2018 program when payments were based on delivered pounds, the 2019 MFP program is based on bearing acreage. To learn more about the changes to the 2019 program, *and how you can also apply for 2018 payments*, the Almond Alliance of California and Almond Board of California are co-hosting workshops with local USDA Farm Service Agency offices.

**Come learn about the program and how you can apply!**

**Chico**
